## A NEW BOARD

An announcement from the governor's office in Tallahassee says this week is the effect that he has appointed a new group of members to the Everglades drainage board. The board has jurisdiction over the Everglades drainage operations and assesses and collects taxes for operating costs. In the past few months the affairs of the board have been in a more or less confused state and with the appointment of the new members by the governor it is hoped that the board's affairs will be straightened out and some effective work done in a harmonious manner.

The new group is composed of the following members: Walter R. Hooker, Belle Glade; H. Lyons, Pompano; James Franklin, Brighton; E. B. Beardsley, Clewiston; J. B. Jeffries of Miami.

That the governor used good judgment in appointing this particular group of men is proven by the fact that he secured men who are competent, capable and intelligent in their duties and who are taxpayers. Mr. Jeffries, the member from Miami, has had many years of experience along the same line for which he was recently appointed. He is at present chairman of the South Florida Conservancy district and as such has proven profitable and successful.

J. E. Beardsley, of Clewiston, is a real dirt farmer and knows the needs and wants of the farmers in the Everglades. He has lived in the hands of the Everglades for a period of twenty years. His addition as a member of the board will assure the farmers of equal and fair representation before the board. At present, he with Attorney Jas. Cause, of Moore Haven, co-receivers of the Clewiston Drainage district and the Dorton Island Drainage district. His experience as to the needs of the district and what will profit most for all concerned will be available and profitable to the other members of the board.

Walter R. Hooker, of Belle Glade, is another member of the board in whom the farmers in this section may put their confidence in a man whom they must trust with their interests in securing for them the very best of results from their board. Mr. Hooker has lived in the Belle Glade community for 10 years and is one of the largest farmers in that vicinity. His experience with drainage projects in the past will be made profitable to him and those he serves on the board.

James Franklin of Brighton and H. Lyons of Pompano are men of high standing in their communities and will, we feel, do all in their power to make the acts of the board profitable and most stable in the future than they have been in the past.

# AN OPPORTUNITY

Many wait a whole lifetime and then say "I never had an opportunity." The truth of the matter is that they had thousands of opportunities but just failed to recognize them. Success or failure depends on the individual . . . the ability to recognize opportunity and take full advantage of it.

The News offers you an opportunity which you cannot fail to recognize . . . It's knocking at your door with both fists in a "Everybody Will Win Something" Campaign. It gives you the opportunity to make as much as \$786.00 in your spare time within the next few weeks.

The old adage that "You Can't Get Something for Nothing" still holds true. The News is not offering something for nothing BUT they are offering exceptionally good pay for a share of your time during the next few weeks. Very few have taken advantage of the offer. There is plenty of room for more active folks to enter. Don't say—"I haven't the time" because it only takes a few minutes of your SPARE time each day.

Don't say—"I work all day and that's enough" because this effort will be diversion . . . a pleasure for you, without interfering with either your work or thought.

Don't say—"I'm afraid I wouldn't know how" because it takes absolutely no experience.

Don't say—"There must be more to this story; and I have no money to invest" because you do not need to invest one penny. DON'T SAY—"COMPETITION WILL BE TOO KEEN" BECAUSE THE MORE PARTICIPANTS THERE ARE THE LESS COMPETITION YOU WILL HAVE.

Don't say—"I would not gamble my time" because everybody will win; there is no chance.

Don't say—"I would not try to high pressure my friends into buying anything" because you do not ask them to do a thing they are not already doing. This is NOT a high pressure selling proposition. It is refined . . . something that nobody would hesitate to do. DO SAY—"GEE, THIS PROPOSITION WAS MADE FOR ME. I'VE WAITED FOR YEARS AND THIS IS MY OPPORTUNITY. I WILL START RIGHT NOW."
